ICE COLLECTION

SKATES THAT KNOW WHAT IT TAKES

The sport of skating is like no other, filled with **passion**, **performance** and **athleticism**. At Riedell Skates we know skating, and what the sport demands from athletes, skating boots and blades.

Since 1945 we have created skates that are made to last longer and fit better than the competition's. We are a company with skating in our blood - four generations of it - and we are passionate about our founder's mission to exquisitely hand-craft skates for comfort and quality, while providing exceptional customer service.

Riedell's have always been built by master boot-makers who use only the finest materials and combine skill, technology and artistry to create world class skates! Every skate is made with the care and passion that you put into skating! We are dedicated to ensuring that we create the perfect skates for you, and back our dedication with our commitment to customer service.

The Riedell Ice Collection for 2017 is sure to meet and exceed the expectations for strength, comfort and long-lasting quality that's distinguished Riedell as a world-class skating brand for four generations. We incorporate the latest technology and our industry experience to offer a collection of skates that have more fit and support options, are lighter weight and offer more model choices than ever before - like the Riedell Aria, the World's Lightest Boot when paired with the Eclipse Titanium lightweight blades!

So whether you hit the ice every day to practice for an upcoming competition or enjoy an occasional leisurely Sunday afternoon skate, Riedell has the perfect boot and blade to fit your needs. From a skater's first steps on to the ice through quadruple jumps and podium tops, Riedell Skates has the high performance product to help you achieve your skating dreams!

Wear the best to be your best!

Robert Riegelman
President, Riedell Skates

THE PROFESSIONAL SKATERS ASSOCIATION (PSA) is the world-renowned leader in skating education and coaching and they proudly endorse the entire Riedell Skates and Eclipse Blades ice collection.

BOOT FEATURES

EXQUISITE FORM & EXTRAORDINARY FUNCTION

Designed by experts to reduce fatigue, protect your foot and cushion your jumps, these features are only offered by Riedell.

OPEN THROAT DESIGN
allows wider lacing pattern for improved fit.

FLEX NOTCH
lets the boot flex forward while maintaining lateral support.

FLEX NOTCH EYELET
provides better forward flexibility and heel support.

CUSHIONED BACKSTAY COLLAR
provides cushioned Achilles Tendon protection and great flexibility.

FOREFOOT FLEX RELIEF
inside boot structure gives added comfort for little toe and ball joint.

LIGHTWEIGHT INTERNAL MIDSOLE
reduces weight and keeps you closer to the ice for added control.

STRATA LINING
breathable, perforated, moisture resistant, antimicrobial, microfiber lining.

HAND-ROLLED COLLAR
provides added lower leg comfort.

ANTI-ROTATIONAL LACE BAR
allows tongue to remain centered.

PRE-PUNCHED ANKLE AREA
provides increased comfort and support.

LIGHTWEIGHT CORK
offers lightweight feel & impact absorption.

TALLER TOE BOX DESIGN
gives toes the room to perform in comfort.

QUILTED TONGUE PAD STITCHING
enhances tongue contour for best fit.

GENUINE KANGAROO LEATHER LINING
offers a luxurious smooth texture for ultimate comfort.

HEAT-MOLDABLE TRIFUSION REINFORCEMENT
reduces weight and is durable enough to withstand the demand of the most advanced jumps.

CUSTOM FIGURE BOOTS

IF YOU CAN DREAM IT, WE CAN BUILD IT!

Whether you need specialty sizing options or want the customized skate of your dreams we put the “create” back into Creative Skate Design.

CUSTOM BUILDS

Our finest craftsmen will design and build your custom boots to exacting specifications and features. We can make allowances for orthotics, arches, toe room, heel spurs, foot irregularities, bunions, etc. You can choose color, leather temper, support rating, firmness, heel height, materials and much more. Build your dream skate with Riedell Custom Boots.

PREMIUMS & SPECIALS

Just want to change 2-3 things to make your boots your own? Create a Premium boot by selecting the stock boot of your choice. Then pick a size, a color (from 25 color options) and/or material change. Only one change? Then a Special-built boot is the answer.

One change: \$69. Up to three changes: \$99.

ARIA 3030

WORLD'S LIGHTEST SKATE

The 3030 Aria is our most advanced, sleek, strong and lightweight boot! Designed for top competitors, the Aria is for high-level freestyle skaters looking to gain a competitive edge.

Inside the Aria, TriFusion triple reinforcement provides our firmest support and is heat moldable for the perfect fit. TriFusion support is balanced with the comfort of a luxuriously, smooth and supple Genuine Kangaroo leather lining – thinner and stronger than cow hide! The Aria's taller toe box and an internal forefoot relief increase foot comfort on those perfect landings. Our innovative cork/leather heel and water-resistant ultra-thin outsole provide weight reduction, optimal support and impact absorption. Aria's one of a kind internal midsole technology further reduces weight and keeps you closer to the ice for added control. The winning balance of long-lasting comfort and support in the 3030 Aria skating boot – the world's lightest ice skate – is a top choice!

THE BENEFITS OF TITANIUM

The lightweight Eclipse Titanium™ blades have a 100% titanium alloy body with a stainless steel runner. At 45% lighter than carbon steel alloys, titanium offers the highest strength-to-weight ratio of any metal. It is 60% denser than aluminum and twice as strong. The Swedish stainless steel runners offer precise edges which maintain long blade life and resist rust or corrosion.

A pair of Eclipse Titanium Infinity size 10-inch blades weighs just 14.2 oz. (402.56 g), **lighter than any other blade on the market!** Less weight with less resistance means you'll cover the ice faster and jump higher than ever before. Be amazed at the difference you'll feel the first time on the ice with Eclipse Titanium™ blades.

100% SKATER GUARANTEE

IF NOT SATISFIED, SIMPLY RETURN YOUR BLADES WITHIN 60 DAYS WITH A PROOF OF PURCHASE FOR A FULL REFUND.

LIGHTWEIGHT SERIES

ECLIPSE TITANIUM™ BLADES

ECLIPSE PINNACLE TITANIUM STAINLESS STEEL

Pinnacle Titanium is designed for the most demanding freestyle skater, this light weight blade offers an 8' radius for maximum speed, a higher stanchion height for improved boot clearance and cross milled toe pick for secure ice engagement. Solid titanium construction offers a stronger lighter blade to skaters who need the advantage of lightweight blades on a tested and reliable blade pattern. The runner of this blade is made of harder stainless steel and offers an outstanding and corrosion resistant edge life. This blade offers everything that you would expect in a highly competitive blade and more, including 45% less weight.

ECLIPSE INFINITY TITANIUM STAINLESS STEEL

Infinity Titanium is designed for high-level freestyle skaters, this light weight blade offers an 8' radius for maximum speed and straight cut toe pick design ensures efficient performance. Solid titanium construction offers a stronger lighter blade to skaters who need the advantage of lightweight blades on a tested and reliable blade pattern. The runner of this blade is made of harder stainless steel and offers an outstanding and corrosion resistant edge life. Lighter, Stronger, Faster; Titanium outperforms other blades.

DEFY GRAVITY ALUMINIUM/STAINLESS STEEL

QUANTUM

Move faster, jump higher and stay on the ice longer with Quantum! Precisely engineered to the highest standards, the Quantum is made from a harder 6005 Aluminum and features a permanently affixed, stronger, rust resistant stainless steel runner. It's 7' radius allows for graceful, versatile freestyle movement and a cross cut toe pick provides exceptional stability. This aluminum/stainless steel blade doesn't need a specialty jig for sharpening, so you can get a consistent, long-lasting sharpening without hassle. We did all of the calculations so that you can focus on what matters - defying gravity!

HIGHLY COMPETITIVE

ADVANCED SERIES

PINNACLE CARBON STEEL

Reach the peak of performance with the Eclipse Pinnacle, designed for the most demanding competitive freestyle skater in need of a tested and reliable blade pattern. The Pinnacle has an 8' radius, solid sole plates that are fully silver welded and chromed with a cross milled toe pick for clean ice engagement. This blade incorporated higher stanchions and side honing to improve boot clearance over the ice for advanced maneuverability. With the Pinnacle, no podium top is unreachable!

INFINITY CARBON STEEL

Designed to achieve greater transfer of energy with maximum control, the Eclipse Infinity will help high-level freestyle skaters realize their limitless potential. This blade has an 8' radius to help increase skater speed while straight cut aggressive chrome relieved toe picks offer efficient ice engagement. The Infinity takes what you already know about competitive freestyle blades and multiplies it infinitely in a beautiful and efficient blade.

DANCE CARBON STEEL

The Eclipse Dance blade is precisely designed to help skaters achieve greater control on the ice. The Eclipse Dance has a 7' radius and slimline parallel edges to allow for quicker edge-to-edge transfers that make for precise movement and effortless motion. This blade provides angled front and back stanchions and the classic dance-designed shorter tail that dancers have come to know and love in their dance blade.

GUARANTEED TO PERFORM

MID-RANGE SERIES

AURORA STAINLESS STEEL

The Eclipse Aurora is designed for the competitive skater with rising aspirations. This blade is made from stainless steel and is mirror finished to keep edges sharper longer and your blade looking fantastic at all times. The Aurora has a 7' radius that makes spins easier and graceful movements nearly effortless. Cross cut toe picks provide improved stability, and precision edges make this the perfect blade for the versatile freestyle skater hoping to dawn the podium.

ACCESSORIES

BOOT AND BLADE CARE

THREE-WAY BOOT CARE SYSTEM

Keeping your skates in great shape is as easy as 1, 2, 3! This extensive three-way boot care system works together (or separately) to keep your Riedell's looking great! Whittemore Heel and Sole Enamel surrounds Riedell's cork heels and soles with a waterproof polish, and Lexol® Leather Conditioner maintains the leather's sheen and softness. Lastly, Silicone Protectant prevents moisture buildup in the leather.

- 1 Whittemore® Heel and Sole Enamel
- 2 Lexol® Leather Conditioner **not for Polyurethane coated leather*
- 3 Silicone Protectant for leather lining

MAINTENANCE TIPS

A few minutes of skate care after each on ice session will keep your equipment looking good and performing at its best!

BOOT CARE

1	Wipe boots down inside and out after use because moisture from the ice and your feet combined with bacteria can attack the leather causing mold, mildew and rotting
2	Loosen your laces and pull the tongue forward to let the inside of boots dry. It's always best to let your skates dry at room temperature with maximum air exposure
3	Occasionally examine your laces to ensure that they are in good condition, and replace them when necessary.
4	We recommend occasionally using Silicone Protectant to prevent moisture buildup in your skating boot's leather lining

SHOE POLISH

In skating, scuff happens! Whether you spend hours on the ice each day or just visit the rink when the mood strikes, nicks and blemishes on your boots are bound to occur. Fix problem areas with Riedell's shoe polish, available conveniently in white, beige and black.

SNO-SEAL®

Sno-Seal® is a beeswax-based waterproofing formula that protects the outsoles of boots from moisture build up. The formula dries as solid wax, so it stays on your boot longer to keep your whole boot dry, warm and light.

BLADE CARE

1	Wear blade guards as soon as you leave the ice or rubberized surface to avoid damage to your blades
2	When you remove your skates and take off guards, wipe the blades and mounting plates thoroughly to avoid moisture damage such as rusting or rotting
3	Use blade soakers to protect your blades as they return to room temperature
4	Wipe your blades again after letting them sit for a couple of minutes because water droplets, condensation, will form on your blades as they return to room temperature
5	Store your blades in soakers which will draw off any remaining moisture and protect blade edges while inside your bag. Do not store your blades in hard guards which will hold damaging moisture in next to the blade.
6	Occasionally check your blade guards to ensure that they are in good condition and replace them when necessary
7	Most importantly, have your blades sharpened regularly by a trained skate technician at your local Authorized Riedell Dealer

ACCESSORIES

ESSENTIALS

Figure skating accessories to keep your boots and your performance top-notch, both on and off ice.

RIEDELLE BACKPACK

Count on our signature backpack to conveniently store gear plus much needed snacks, a water bottle and other necessities in style.

- ▶ Multiple storage compartments
- ▶ Durable 600 Denier Nylon
- ▶ Available in Blue
- ▶ 20.5"x13"x10" dimensions

RIEDELLE ONE PACK

The perfectly sized Riedell One Pack will help you simplify and transport your skates stylishly and conveniently.

- ▶ Durable 600 Denier Nylon
- ▶ Available in Blue
- ▶ 13"x7"x13" dimensions

RIEDELLE TRAVEL BAG

The Riedell Travel Bag will be your favorite travel companion whether you're packing for your next trip to the rink or abroad.

- ▶ Telescoping handle
- ▶ Padded top handle
- ▶ Front Velcro strap handle
- ▶ Durable 600 Denier Nylon
- ▶ Available in Black
- ▶ 22"x14"x8" dimensions

RIEDELLE SKATE GUARDS

Protect your Eclipse Blades with rubber centipede style Skate Guards from Riedell.

- ▶ Adjustable for all blade lengths
- ▶ Sold in pairs
- ▶ Durable and flexible rubber material
- ▶ Available in Black or White
- ▶ One Size Fits All - can be trimmed

RIEDELLE LACING HOOKS

Proper lacing—not too tight and not too loose—is vital for a comfortable fit. Our lacing hooks help you get the perfect fit easily and comfortably in your Riedell Skates. Molded for hand comfort, they make lacing a breeze!

RIEDELLE'S SPUN POLY AND TEXTURED POLY LACES

Your beautiful boots deserve only the best, so Riedell's spun Poly and Textured Poly laces last longer and don't tear as easily as others. Available in white, beige and black.

Find the length of laces that is right for your Riedell Skates on our website.

R-FIT™ FOOTBED KIT IS AN INNOVATION IN SKATING INSOLES!

In partnership with a leading podiatrist/former skater, we created the R-Fit™ Footbed Kit. Specifically designed to address the competitive skater's foot support needs – The R-Fit™ keeps the foot ergonomically positioned in the skate for foot comfort and better on-ice control.

The R-Fit™ Footbed Kit is a comprehensive foot support system that fits into all skate types. It supports where the skater needs it, while cushioning and absorbing shock. The kit includes; three sets of adjustable arch support (low, neutral and high), two sets of heel wedges (for feet that pronate or supinate), one set of heel lifts, two metatarsal pads and an instruction guide. All components affix to the provided insole to create a customized footbed that stays in position under the demand of competitive skating.

- ▶ Footbeds made for skates
- ▶ Arch Supports in 3 heights
- ▶ Heel Wedges that stay put and correct supination or pronation
- ▶ Heel Lifts that decrease heel movement and slippage
- ▶ Metatarsal Pads to remedy problems in the ball of foot and toes
- ▶ Instruction Guide
- ▶ Podiatrist Endorsed

LIMITED RESALE WARRANTY INFORMATION

Who is covered?

- ▶ This warranty is extended to all Authorized Riedell Dealers and the original end-use purchaser or the person receiving the product as a gift, and shall not be extended to any other person or transferee.

What you must do to obtain Limited Warranty Service:

- ▶ Return product, with a copy of the original proof of purchase, return authorization number and written description for why the product is being returned, using the following procedures:
 1. Contact the Riedell organization in your country/region (visit riedellskates.com for Riedell contact information in your country/region) for a return authorization number and specific return/shipping instructions.
 2. Label and ship the product, freight prepaid, to the address provided by the Riedell organization in your country/region.
 3. Place any necessary return authorization number prominently on the outside of the shipping carton. Cartons not bearing a return authorization number, where required, will be refused.

What is covered/for how long?

- ▶ All products manufactured by Riedell Shoes, Inc. are warranted by Riedell Shoes, Inc. to be free from defects in material and workmanship under normal and intended use for a period of 6 months from the date of retail purchase by the original end-use purchaser. Eclipse® blades shall be warranted by Riedell Shoes, Inc. to be free from defects in material and workmanship, under normal and intended use for a period of 12 months from the date of retail purchase by the original end-use purchaser.

What is not covered?

- ▶ This warranty does not cover product failure resulting from improper fit, accident, abuse, neglect or normal wear and tear, as determined by Riedell Shoes, Inc. Riedell Shoes, Inc. will not be responsible for the repair, replacement or consequential damage due to the above mentioned causes.

- ▶ This warranty does not cover post sale service costs, including but not limited to waterproofing of outsoles, blade sharpening and blade mounting.
- ▶ All rental products manufactured by Riedell Shoes, Inc. are excluded from this warranty and covered under a separate policy.

What Riedell will do:

- ▶ During the warranty period, Riedell Shoes, Inc. will, at our sole option, repair or replace any products determined to be defective within a reasonable period of time and free of charge. All repaired or replaced products under this policy shall be, at the discretion of the original end-use purchaser, returned to the original end-use purchaser or the authorized Riedell dealer from whom the product was purchased via ground service shipping at the expense of Riedell Shoes, Inc.
- ▶ Products returned that are not found to be defective or products returned beyond the warranty period that can be repaired, can be done so upon the approval of the authorized Riedell dealer or original end-use purchaser. Repair costs, including post sale services, will be provided to the authorized Riedell dealer or original end-use purchaser by Riedell Shoes, Inc. before any repair is made. Prior to any repair being made, Riedell Shoes, Inc. must receive authorization from the authorized Riedell dealer or original end-use purchaser as to all requested repairs. All freight expenses for such products, repairs and/or post sale services shall be the responsibility of the dealer or user.

What Riedell will not do:

For any claimed defective product, Riedell Shoes, Inc. will not be responsible for any inbound shipping, insurance or transportation charges, or any import fees, duties and taxes.
